✦ macOS Native Menu Bar Sanctuary

Welcome to Genio

A Living, Wished-into-Existence Companion for Your Mac

"Software designed not just to be used, but to be wished into existence."

🌿

Serene & Mindful

A calm presence in your menu bar that respects your focus and workflow.

✨

Living Interface

Shapes real, native widgets on demand to fulfill your creative wishes.

🔒

100% Private

Your thoughts, telemetry, and wishes live strictly on your Mac.

⚡ Instant Awakening

Clean 1-line Terminal setup • Zero code exposure

INITIAL SETUP

First-Time Awakening

Installs fresh Genio build to Applications & configures environment

✦ Copy Setup

IN-PLACE UPDATE

Refresh & Update

Pulls the latest release in place without touching your saved wishes

↻ Copy Update

1

Copy Command

Click **Copy Setup** above for the clean, newline-free 1-liner.

2

Open Terminal

Press **Cmd + Space**, type **Terminal**, and hit Return.

3

Paste & Awaken

Press **Cmd + V** and hit Return. Look for Genio in menu bar!

Terminal Progression

```
✦ Awakening Genio...
◆ Installing fresh build into Applications
```

```
◈ Configuring environment & PATH
❖ Connecting AI companion
✧ Tada! Ready.  Look for Genio in your menu bar.
```

👋 Canvas Freedom

Intuitive window ergonomics for macOS

📌 Always on Top

Floats smoothly over fullscreen applications & spaces without space jumps.

✋ Drag Anywhere

Drag header (**GENIO** ✨) to position anywhere on your display.

🎯 1-Click Reset

Click the snap icon to instantly return directly beneath your tray icon.

🪔 The Art of Wishing

Click Genio (✨) in menu bar • Type into "Make a Wish..."

🌿 Mindfulness & Stillness

- *"manifest a peaceful breathing circle with ambient sound"*
- *"grant a mindful hydration and posture pause for deep work"*

✨ Morning Focus & Inspiration

- *"manifest a morning wisdom quote with daily sunrise notes"*
- *"create an intentional 3-item priority list for today"*

📊 Living Telemetry

- *"summon a live telemetry gauge for processor, memory, battery"*
- *"manifest a clean tracker for my weekly creative goals"*

🎵 Atmosphere & Beats

- *"conjure a minimalist audio controller for lo-fi and focus beats"*
- *"summon a subtle world clock tracking Tokyo, London, NYC"*

🔒 Your sanctuary is forever sovereign

All widgets, state, themes, and preferences live safely on your Mac in `~/.genio/`. Window positions and geometries persist automatically across app restarts. Genio operates 100% on-device with zero analytics and zero telemetry.
